Shall read as new text:

1.3 The supplies described under Lot 8, Lot 9 and Lot 10 must be accompanied by an additional ‘lot’ consisting of spare parts and/or consumables. Neither the unit price, nor the overall price of spare parts will influence the evaluation of the tenders, except where they vary substantially between the tenders received. Lists of spare parts must be drawn up by tenderers on the basis of their professional experience and the expected places of use; they must show the unit prices of the parts, calculated as specified in Article 11 (below). The Contracting Authority reserves the right to alter the list of spare parts; any changes will appear in the contract.
